

DR. McLEOD  
ON TRIALBoston Physician Concerned  
in Susan Geary Case

## WITNESSES TO OPERATION

Louis Crawford Said That Dr. McLeod Had Been Coming to Mrs. Dean's Establishment During the Past Four Years.

Boston, Nov. 25.—The trial of Dr. Percy McLeod for alleged participation in the operation of Susan Geary, the chorus girl, was continued today, and several witnesses were examined.

After Dr. McLeod had pleaded not guilty, the jury was quickly empaneled and first listened to the testimony of Medical Examiner Harris. Dr. Harris described the condition of the body, and stated that the immediate cause of death was peritonitis. Mrs. Geary, mother of the girl, identified the victim of the tragedy as her daughter, and also a number of letters from her daughter.

The third witness was Morris Nathan, the girl's lover, who admitted his responsibility for the girl's condition. The interest in the trial, however, centered in the testimony of Crawford. He stated that he was a familiar visitor at the office of Mrs. Jane Bishop, where it is claimed the illegal operation on the Geary girl was performed, and that he had seen Dr. McLeod at the office once or twice a week for the last four years, ever to do with the operation upon the girl, but that it was performed by Mrs. Dean, for whom the local authorities are searching. He said that the day before Miss Geary died in the Roxbury house where she was taken, Dr. McLeod and Mrs. Dean agreed that death was only a question of a few hours, and that the body must be disposed of in some manner. Dr. McLeod suggested dismemberment. At Dr. McLeod's direction, Crawford said that he purchased the suit cases, and that Miss Geary's death occurred in the house. Dr. McLeod took them up stairs and disappeared in about half an hour. He told Crawford and his companion that he had placed the trunk in the larger case, the limbs in the smaller and the head in the small bag.

Crawford and Howard then took the bag and cases, and that night threw them into the harbor. Crawford said that he received \$115 from persons in the Bishop office.

He met Dr. McLeod the next day and the latter said that he failed to remove the girl's rings, but that he thought it would be all right.

## THE WRECK VICTIMS.

Now Definitely Decided That Seventeen  
Lost Their Lives.

Lincoln, Mass., Nov. 28.—After a day spent in clearing away the remaining traces of Sunday's disaster at Baker's Bridge station, on the Fitchburg division of the Boston and Maine railroad, and an investigation by the railroad officials, state authorities and the newspapers, it was practically settled last night that seventeen persons lost their lives; twelve were seriously wounded and a score more or less injured, as the result of the terrible rear end collision.

Investigation by the railroad officials began immediately after the accident. Yesterday inspectors of the railroad commissioners made a separate examination, and on Wednesday, Judge John S. Keyes of Concord, will hold an inquest. President Tuttle of the road named H. W. Lyons, engineer of the leading locomotive.

## ASSAULTED THE GOVERNOR.

Then the Governor of Arkansas Caned  
His Antagonist.

Little Rock, Ark., Nov. 28.—Charles Jacobson, private secretary to Governor Davis, has given out a statement here today that the governor had been assaulted by a former Congressman Hugh Dinmore and Jack Walker assaulted him Sunday night in his room at a hotel with drawn revolvers and that he (the governor) was struck over the head with a revolver. The governor in turn according to the statement, struck Dinmore over the head with a large cane.

Other reports about the affair are current in Little Rock. It is said the governor had made some remarks which Dinmore resented. The latter is regarded as a supporter of United States Senator Berry, who is a candidate for reelection and for which office Governor Davis is also a candidate.

## GRANITE IN RANDOLPH.

New York Parties Are Looking Over  
Stock Uncovered.

Randolph, Nov. 28.—Two New York parties are interested in the granite owned by A. H. Beedle and located on his farm south of this village. Samples of the granite have been analyzed and pronounced excellent in quality. The analysis shows the granite to be very hard, fine grained, white and contains but a small quantity of iron. The only question in regard to this granite is the extent, but from outside showing there seems to be a very generous supply.

A HEARST VICTORY IN  
NEW YORK CONTEST.

His Application for the Opening of the Ballot Boxes and a Recount of the Votes Was Granted Yesterday.

New York, Nov. 28.—Supreme Court Justice Amend yesterday afternoon granted the application of W. R. Hearst, municipal ownership candidate for mayor at the recent election, to open five ballot boxes and recount the votes found therein. That an appeal will be taken from Justice Amend's decision was determined at a conference held last night at the office of Judge Parker.

Charles H. Knox, chairman of the Tammany hall law committee, when he left the conference said that an appeal would in all probability be taken today.

In view of this action there is little hope that the ballot boxes will be opened Wednesday as at the best appellate division of the supreme court cannot sit in the case or reach a decision before Friday. Still further delay is expected in the selection of a justice to preside at the recount.

Justice Gieglersch in the supreme court yesterday handed down an opinion on the question of counting ballots cast at the last election which have marks in the circle of the Republican ticket and the circle over the name of William Travers Jerome, independent candidate for district attorney, and also in the voting space before the name of W. R. Hearst, municipal ownership candidate for mayor, and in the voting space before Mr. Jerome's name, the question being whether the additional mark in the circle above Jerome's name affects the ballot.

Justice Gieglersch decided that it did not, the intention of the voter being clearly shown to vote for Hearst for mayor, for Jerome for district attorney, and for the Republican candidate for all other offices, unless it appeared that the marking was made for the purpose of identifying the ballot.

Justice Gieglersch further decided that all the ballots in dispute should be counted for Jerome for the district attorneyship and for the candidates for other offices as mentioned in his opinion.

Kaiser Said So in Opening the German  
Legislative Assembly Today—Ger-  
many's position is All Right.

He Also Said.

Berlin, Nov. 28.—The Kaiser opened Reichstag today. In his address he stated that it afforded him unbounded satisfaction that he was able to support President Roosevelt's successful efforts to arrange peace between Russia and Japan. He referred to the relations existing between Germany and the other nations of the world, and said Germany's attitude toward the powers is all right. He emphasized the necessity for maintaining the triple alliance and increasing Germany's armament. He announced that bills would be introduced, fixing new rates on beer and tobacco.

## MARSHALL FIELD, JR., DEAD.

Was Accidentally Shot on Wednesday  
November 22.

Chicago, Nov. 28.—Marshall Field, Jr., died at five o'clock last night at Mercy hospital.

Mr. Field, who was only son of Marshall Field, the multi-millionaire of this city, was accidentally shot on the afternoon of Wednesday, November 22. He was examining a new revolver which he had purchased when it was discharged, the bullet striking him in the right side, perforating the liver and spleen and injuring the spinal cord. He was hurried to Mercy hospital, where an operation was at once performed and the bullet removed. The physicians from the first entertained but slight hopes of ultimate recovery, although the patient for two days seemed to hold his own. At 9 a. m. yesterday a decided change for the worse occurred and Mr. Field grew rapidly weaker until his death.

3 ARRESTS  
AT RICHFORDIn Connection With the Re-  
cent Alcohol Deaths

## MANSLAUGHTER CHARGED

Druggist W. W. White, His Son, Al-  
mond, and Daughter, Eva, Are Alleged  
to Have Sold Liquid Which  
Caused Death.

Richford, Nov. 28.—W. W. White, druggist, and his son, Almond, were arrested today on the charge of manslaughter in connection with the death of Mary L. Legrand, daughter of Mr. P. Q. and Mr. White's daughter was arrested at the same time on the charge of manslaughter in connection with the death of Marshall Bliss. It is alleged that the wood alcohol which caused the deaths was purchased at White's drug store.

The stomachs of Marshall Bliss and Nelson Royston were sent to Burlington today to be analyzed at the state laboratory.

The hearing of W. W. White, his son, Almond, and daughter, Eva, on a charge of selling liquor illegally is being heard today and will probably last through tomorrow.

## COPPER CASKET SEALED.

Will Be Placed in the Monument to Jo-  
seph Smith.

South Royalton, Nov. 28.—An event of considerable interest, both locally and abroad, occurred at the South Royalton House here yesterday, when several people met, at the request of Junius F. Wells, and witnessed the sealing of the copper casket to be placed in the monument now being erected to mark the birthplace of Joseph Smith, the founder of the Mormon faith, on Dairy hill, so-called in Royalton and Sharon.

When the casket has been sealed the company adjourned to the dining room of the hotel by invitation and partook of refreshments of coffee and confections, receiving in a few well chosen words the thanks of Mr. Wells for their presence with him on this occasion.

The casket contained a memorial, copies of Mormon books and papers, title deed of the farm on which monument stands, certified testimonies of its being the birthplace of Joseph Smith by Benjamin C. Latham, Harvey Smith and Maria Griffith, portraits of the presidents of the Mormon church, and other noted men, town records, names of the guests, and those connected with the construction of the monument.

MANGLED BODY FOUND  
BESIDE THE TRACK

John Regan of Brattleboro May Have  
Been the Victim of Foul Play and  
Body May Have Been Placed  
in Way of the Train.

Brattleboro, Nov. 28.—Authorities are investigating the suspicious death of John Regan, whose mutilated body was found beside the Boston & Maine railroad track half a mile north of West River yesterday. The man's skull was fractured, one leg broken, and one arm badly mangled. Sheriff McClure is of the opinion that the injuries to the head could not have been caused by the man being struck by a train. Regan's cap was beside his body, and also another cap was on the ground near by. Regan was 53 and not married. He was employed as section hand on the railroad.

## WHAT HE EXPECTED.

Mary Rogers' Attorney Says He Still  
Thinks Woman is Unbalanced.

Rutland, Nov. 28.—F. W. Moloney, counsel for Mrs. Mary Rogers, asked to be excused from commenting on the decision of the United States supreme court.

"That is all there is to it," he said slowly, when informed of the news.

Later, when more details were at hand, Mr. Moloney said:

"It is just as I expected. The United States supreme court did not decide the case on the questions presented to it, but simply declared that it could not interfere. These important questions are still in the air, and unless Gov. Bell sees fit to take some further action, Mrs. Rogers must hang. We have done all that can be done, we have paid out hundreds of dollars from our own pockets, and the outlook is very discouraging. I believe that what Mrs. Rogers has done at Windsor prison goes to show that her mind is unbalanced."

chase Large Properties.

DELEGATE MCCARTHY  
BACK FROM CONVENTION

Says That American Federation of Labor  
Session at Pittsburgh Was One of  
the Most Successful Ever  
Held.

Secretary P. F. McCarthy of the Quarry Workers' International Union, returned to Barre last evening from Pittsburgh, where he attended the annual convention of the American Federation of Labor, as a delegate from his international union. He is enthusiastic about the convention and declares that it was one of the most successful ever held by the labor men of the country.

There were 305 delegates present, representing nearly every section of the United States. Of the number 83 represented international unions, 24 state federations and 40 central and federal unions. The convention continued two weeks and the sessions were held in the old Pittsburgh city hall. Secretary McCarthy says the James Duesenberg of the stonecutters' union was one of the strong men of the convention. He is also in his praise of President Gompers. There were two votes in opposition to the motion making the reelection of Gompers unanimous. They were by Victor Berger of Milwaukee and Mahlon Barnes of Pennsylvania.

There were some lively contests, that between the steam-fitters and the plumbers taking a whole day. The plumbers wanted to prevent the steam-fitters from securing a separate charter, but failed. Another contest was between the sailors and longshoremen. Both wanted jurisdiction over the other, and the matter was referred. The brewery workers and the brewery engineers also had a tilt, the former wanting to retain jurisdiction over the latter. Finally the brewery engineers were permitted to join with the engineers' union.

Tuberculosis was discussed at some length, and it was decided to appoint special committees in all sections to study the conditions and endeavor to devise a remedy. The committee from this section has not yet been chosen.

LOCOMOTIVE USES  
FOOT-BALL TACTICS

Drove Freight Car Into Defense of Cen-  
tral Vermont Depot at Mont-  
pelier and Made a Big  
Gain.

Some Central Vermont railroad em-  
ployees tried a mass formation on the  
Central depot in Montpelier last night,  
driving a freight car, with heavy and  
persons on board, into the ladies' waiting  
room. The depot's defense was pun-  
ctured and the car rammed through  
the center for a large gain. The offen-  
sive force was not damaged, but the  
defensive formation was thoroughly dis-  
membered and strewn in ruins.

There are two different stories to  
account for the accident. Trainmen say  
that an engine went after a passenger  
coach which was standing on the "legis-  
lative siding" (the track where they  
place the private cars of the Vermont  
officials) and that too much force was  
used, with the result that a freight  
car which stood on the end of the siding  
was sent over the end and into the  
building. The other story, told by  
railroad employees, has it that a freight  
engine was shunting a freight car and  
that it got away from them and colli-  
ded with the depot with terrific force.

The depot was not improved by the  
contact, and looks for all the world like  
a defeated foot ball team, whose ap-  
paratus are tangled. The freight car,  
which was not loaded, was rammed  
through the brick wall and into the  
ladies' waiting room for a distance of  
two or three feet, so that it protruded  
into the room. The end of the building  
was badly torn, and the ladies' toilet  
room was also wrecked. The damage will  
probably amount to several hundred dol-  
lars, and the wrecked car not to work as  
soon as possible and pulled the car out  
of the building.

## DISAPPOINTED IN LOVE.

S. E. McMahon Tried to Tread the Same  
Old Course.

Fairfield, Nov. 28.—While suffering  
from a disorder of the brain Solon Ed-  
ward McMahon tried to commit suicide  
by taking wood alcohol. The prompt  
attendance of Dr. P. C. Crowley saved  
the young man's life. He was taken to  
the insane hospital at Waterbury Sat-  
urday. Disappointment in love affairs  
impaired the young man's mind.

a large audience to the opera house last  
night. It is an agreeable change from  
the heavy offerings which have recently  
been seen here. It is bright and funny.

## FOR SUPREME COURT JUDGE

Four Men, F. M. Butler of Rutland, A.  
Hall of St. Albans, John Redmond  
of Newport and W. W. Miles  
of Barton Represented.

Montpelier, Nov. 28.—There was a  
rush of lawyers and others to this place  
today to present the claims of their  
candidates for the position of Supreme  
court judge of Vermont to succeed the  
late Judge Henry R. Start, in accordance  
with the announcement of Gov. Bell that  
he would consider those claims today.  
Two of the men mentioned for the place  
and who were considered as candidates  
were not represented. They were the  
governor's secretary, W. A. Dutton of  
Hardwick, and Harry Blodgett of St.  
Johnsbury.

And if there were sponsors lacking  
for these two men there were enough  
for the others to make up. Four men  
were set forth as capable of going onto  
the bench. They were W. W. Miles  
of Barton, J. W. Redmond of Newport,  
A. A. Hall of St. Albans and F. M.  
Butler of Rutland. Judge Butler, who  
had been endorsed by the Rutland coun-  
ty bar unanimously, was represented by  
ex-Gov. E. J. Ormabee, and Attorneys  
O'Brien and Merrill.

W. W. Miles was represented by H.  
K. Darling, W. A. Lord, H. F. Graham,  
Senator Skinner, J. G. Turnbull, Frank  
Thompson, F. W. Miles, F. C. Williams,  
H. R. Cutler, W. N. Gilpin, W. M.  
Wright, W. W. Riddan, S. W. Baldwin  
and W. R. Aldrich. A committee, com-  
posed of H. A. Bart, O. M. Kelton and  
Fuller C. Smith, presented the claims of  
A. A. Hall, St. Albans, backed up by Olin  
Merrill, James K. Curtis, Judge Lee  
Tillotson, A. J. Croft and C. W. Gates.  
John Redmond of Newport had ex-  
Gov. Grout, State's Attorney Cook of  
Newport, Roger Hurlburt and ex-Gov.  
C. S. Page looking after his interests.

Gov. Bell may give his decision before  
he leaves Montpelier today.

## WAS IN THE WRECK.

But R. E. Brown of Burlington Was  
Not Injured.

Burlington, Nov. 28.—R. E. Brown of  
this city was in the wreck on the Fitch-  
burg division of the Boston & Maine  
railroad at Lincoln, Mass., Sunday night.  
Mr. Brown went to the smoking com-  
partment of the sleeping car soon after  
he boarded the train and began to look  
over papers in connection with the Hal-  
lock case. While deeply interested in  
the matter before him, the shock came  
and he was thrown across the compart-  
ment. He was the only person in the  
room and he immediately rushed to  
the door. The car was not derailed and  
none of the occupants was injured.

Mr. Brown watched the work of re-  
pairing the passengers and says it is his  
belief that it is impossible to give an  
accurate list of those killed, as many  
were burned to death before they could  
be taken from the debris. As soon as  
possible Mr. Brown boarded another train  
for Burlington.

## DOCTOR WAS JEALOUS.

And He Fired Two Shots at Luther  
Penniman.

Hartland, Nov. 28.—Angered by jeal-  
ousy, resulting, it is believed, from at-  
tentions shown his young wife, Dr.  
George P. Morris, a prominent physi-  
cian of this place, fired two shots at  
Luther Penniman Sunday as the latter  
left the doctor's home, neither bullet  
taking effect. The doctor is 50 years old  
and Penniman is 25.

Dr. Morris went out as usual to attend  
his patients, and on returning to his  
home at 11 o'clock he came face to  
face with Penniman, who was going  
through the yard. The doctor at once  
drew a revolver and fired twice, Pen-  
niman making a hurried escape.

## NO, WE HAVEN'T RESIGNED.

Chorus of Indignant McCurdys in New  
York.

New York, Nov. 28.—Dr. Walter R.  
Gillett, vice president of the Mutual  
Life Insurance company, yesterday de-  
nied published reports that Richard A.  
McCurdy had resigned the presidency of  
the Mutual Life and that Richard H.  
McCurdy had retired from the general  
management of the company. Dr. Gil-  
lett said, however, that Louis A. The-  
land, son-in-law of President McCurdy,  
had relinquished the position of the com-  
pany's general agent for New York.

## FIRE AT HARDWICK.

Fruit Store Burned Out and Others  
Were Damaged.

Hardwick, Nov. 28.—Fire broke out  
Sunday night about 9 o'clock in the  
fruit and cigar store kept by Frank Pain-  
telli and did extensive damage, burning  
the building and destroying most of the  
stock. The damage is estimated at be-  
tween \$400 and \$500. Mrs. Dana's mil-  
linery store and the Northern Shoe com-  
pany's store and their stocks are badly  
damaged by smoke and water.

The fire is said to have originated from  
a defective stovepipe. It lasted only a  
short time.

OF SENTENCE.

## SETTLED IN NEW OFFICES.

Boutwell-Milne-Varnum Company Now  
Doing Business in Barre.

The office of the Boutwell, Milne &  
Varnum company was opened in this  
city last Thursday, at 488 North Main  
street. The company purchased the  
brick house at the corner of North Main  
and Berlin streets, formerly owned by  
the Montpelier and Wells River railroad,  
and have had it made over into the  
neatest suite of office rooms in this city.

The main street entrance opens into  
the business office, where the bookkeep-  
ers' desks are located. Immediately off  
of this office is the stenographers' room,  
containing two typewriter desks and ma-  
chines. The private office of the prop-  
rietors occupies the corner room of the  
building looking onto Main and Berlin  
streets. It opens from the main office.

All the offices are arranged with an  
eye to convenience and attractiveness.  
The building has been fitted with a  
good hot air heating apparatus and con-  
tains every convenience that could be  
asked of the most modern office.

Just south of the office building is  
a large lot which the company has pur-  
chased for a stock yard. Two spur  
tracks have been built across it and  
it is the intention of the company to  
erect a seventy-foot electric derrick and  
keep a large amount of rough granite  
on hand. This will not be completed  
for some time, however. In the office  
building there is a side entrance from  
the stock yard, and a room which is  
to be the office of the man who has  
charge of the yard.

It is altogether an office befitting  
the large business concern of which it  
is the home.

A LITTLE SKIRMISH  
IN THEATRICAL WARManager LaPoint Places Attachment on  
Manhattan Stock Co.'s Receiptsat Barre Opera House, Claiming  
Breach of Contract.

The local theatrical war, which has  
been on since Fox & Eaton secured the  
lease of the Barre opera house and the  
former manager of the house, W. W.  
LaPoint, started the Hale theatre in op-  
position, witnessed another skirmish last  
night, when Mr. LaPoint attached the  
receipts of the Manhattan Stock com-  
pany on the first night of its engagement  
at the Barre opera house, claiming breach  
of contract. Papers were served on Sal-  
linger & Branson, managers of the com-  
pany, by Deputy Sheriff H. J. Slayton.

The Manhattan Stock company was  
originally booked to show at the Hale  
theatre, but the advance man on coming  
to Barre, after considerable conversation  
with Manager LaPoint, decided to change  
the booking to the Barre opera house.  
Manager LaPoint protested against the  
action, but the company persisted, and  
went ahead with its advertising. Last  
night it presented the first number in  
its repertoire to a good-sized house.

It is understood that the ground which  
the Manhattan company will take is  
that the Hale theatre was not in readi-  
ness for them and was not suitable.  
They have secured M. M. Gordon as  
their lawyer. The company advertises  
to show at the Barre opera house under  
Local Manager Hoban during the week,  
barring nights on which other companies  
have bookings.

Manager LaPoint says that he has  
a sure case against the Manhattan com-  
pany, while the company is keeping  
quiet, although apparently sure of their  
ground. The company's advance man,  
C. E. Eyles, went to Burlington this  
morning to prepare for the company's  
appearance at The Strong theatre.

WILL PAY ROUNDLY  
FOR VIOLATING LAWBoth Attilio Brignola and Wife Retract  
Their Plea of Not Guilty in Liquor  
Cases and Admit Their Guilt.

Mr. and Mrs. Attilio Brignola, arraign-  
ed in city court yesterday morning and  
who pleaded not guilty to the charges  
of keeping and selling liquor and whose  
cases were continued until Dec. 6, came  
into court this morning and each pleaded  
guilty to one offense of selling. The  
court continued the case until Friday  
for sentence. The liquor which was seized  
at their house Sunday was condemned  
and ordered destroyed. Costs of \$20.26  
for the seizure were imposed, which they  
paid. The fine for such violation is \$500  
in each case. State's Attorney Jackson  
prosecuted the case.

## ON WRIT OF ATTACHMENT.

Store of Segel & Brady at Present in  
Hands of Sheriff Slayton.

A writ of attachment was served on the  
Segel & Brady store in the Bolster block  
last night by Deputy Sheriff H. J. Slay-  
ton, and the store was not opened this  
morning, being still in charge of the of-  
ficer. It is not known whether the  
closing is simply temporary or not.  
Harry A. Segel, a member of the firm,  
stated this forenoon that the trouble arose  
over a disputed bill, and that the store  
will be closed until the matter is ad-  
justed. It is understood that the bill, for  
which the attachment was made, is for  
an amount less than \$200.

Declared Today That He As  
Executive of State Will Do  
All That He Can To See  
Vermont Laws Carried OutWHEN ASKED ABOUT  
MARY ROGERS CASEAttorney Moloney Who Has  
Represented the Woman  
Gives Up Hope, and There  
Seems No Doubt She Will  
Be Hanged.

"Will you again reprieve Mary Rog-  
ers?" was asked Governor Charles J.  
Bell at Montpelier today.

"All I can say," was the reply, "is  
that I will follow out the course that  
I laid down a year ago. The laws of  
Vermont will be executed regarding  
Mary Rogers and other matters insofar  
as I have the power to execute them."

From that it appears that the last  
chance of the murderers, condemned to  
be hanged on Friday, December 8, has  
been lost.

Questioned regarding the witnesses ad-  
mitted to the execution he replied:
